Discrimination because of race, religion, color, or national origin must not occur in the performance of Government contracts. The Committee believes that there should be even greater advances under the program in the future. The Committee also requests your agency, in determining whether an existing contractor is responsible and accordingly eligible to receive additional awards of contracts, to demy sources, as appropriate, upon determination by your agency of clear and senvincing evidence of noncompliance by Government contractors with the standard nondiscrimination clause. Awards of contracts, of course, should be resumed upon
